HYDRAMILK

LATTE DETERGENTE VELLUTANTE

Struccante delicato ad azione rinfrescante

VELVETY CLEANSING MILK

Refreshing gentle make-up remover

Hydramilk is a velvety milk formulated to gently cleanse the skin and effectively remove even the make-up.

It contains Neozone 4000 boasting purifying property; soothing, calming Alpha-Bisabolol, and precious Blueberry and Red Vine extracts rich in stimulating, antioxidant polyphenols.

A formulation with a high dermatological value made complete by the presence of Aloe Vera, which guarantees hydration and emollience, leaving the skin luminous and pleasantly velvety smooth.

The product is certified ICEA COSMOS NATURAL.

THE ACTIVE INGREDIENTS

NEOZONE 4000

Neozone 4000 is the Sunflower Oil ozonized with 4000 meq/l of added oxygen. In the incorporated percentage it has the function of purifying the skin and promoting cellular activity due to the effect of “oxidative stress”.

α-BISABOLOL

It is a natural alcohol constituting one of the main components of essential oil derived from fresh or dried chamomile flower heads. It is an ingredient known for its effectiveness in the treatment of inflammation as it boasts calming, soothing properties.

EXTRACTS OF BLUEBERRY AND RED VINE

Very abundant in polyphenols, they have been selected for their ability to decongest the skin, strengthen capillaries and improve skin microcirculation.

ALOE VERA

Succulent plant of the Aloaceae family, it is abundant in precious substances for the skin: complex sugars such as mucopolysaccharides, enzymes, lignins, saponins and phospholipids. They interact synergistically, translating into tangible benefits for the skin: hydration, suppleness, tackling of signs of aging and luminosity.

THE PRODUCT
