SPRAY 75

OZONE PURIFYING GREEN LIME SPRAY

With ANTIBACTERIAL
and Ozonized Oil

Spray 75 is a hydroalcoholic solution formulated to purify the skin coming in contact with external surfaces (for example handles, keyboards, mice, handrails, bars, elevator keys, etc.).

It contains 75% of 96° denatured alcohol, with sanitizing properties, perfected by the presence of bio-stimulating Ozonized Oil (it improves the barrier effect of the skin) and a special Antibacterial in the formulation.

The purifying action is almost immediate and is made pleasant by the fresh essence of Green Lime.

TESTED EFFICACY

Its formula is able to effectively reduce germs and bacteria* present on the skin in a few seconds.

* Tested on Staphylococcus Aureus, Pseudomonas Aeruginosa, Escherichia Coli, Salmonella Typhimurium, Candida Albicans, Aspergillus Brasiliensis

NATURAL ORIGIN

Over 98% natural raw materials.

DERMATOLOGICALLY TESTED

Suitable for all skin types and for frequent use. It does not contain chlorine, formaldehyde, parabens.

ACTIVE INGREDIENTS

ETHYL ALCOHOL

Ethyl alcohol is one of the historically most popular antiseptics, and owes its effectiveness precisely to its nature. As a solvent, when it comes into contact with bacteria and viruses it changes the chemical structure of their proteins and enzymes, thus eliminating them. Its disinfectant action is particularly effective. Spray 75 contains 75% of 96° denatured alcohol.

NEOZONE 4000

Neozone 4000 is the Ozonized Sunflower Oil at 4000 meq/lit of added oxygen. In the incorporated percentage it has the function of promoting the cell activity owing to the "oxidative stress".

GLYCERIN

Glycerin gives the texture a natural wetting effect with benefits in terms of hydration and emollience.

THE PRODUCT

Very light, fresh hydroalcoholic solution, formulated with 75% Ethyl Alcohol, Antibacterial and Ozonized Oil to ensure a purifying, sanitizing action.

INDICATIONS

Product for external use to sanitize the skin coming into contact with surfaces.

HOW TO USE

Spray on the areas to be treated from 20-30 cm away.

WARNINGS

Avoid contact with eyes. Keep out of reach of children.
